Department: Sociology
Position: Demography
Rank: Assistant Professor to Associate Professor

Description:
The Department of Sociology in the College of Arts and Sciences at The Ohio State University invites applications for a tenure track position in the field of demography, at the assistant professor to associate professor levels, commencing autumn semester 2016. We seek candidates trained in the models, methods, and materials of demography. No substantive areas of research are excluded, but we are especially interested in candidates conducting research on topics of growing concern, including but not limited to demography and inequality, demography and health, population aging, international migration, and population and environment. It is expected that this position will contribute to interdisciplinary research centers and programs at the university. We seek candidates who will maintain vigorous research programs, actively seek external funding, contribute to both graduate and undergraduate teaching, and provide service to the department and the profession. This position is partially funded by Ohio State's Discovery Themes Initiative “Translational Data Analytics” https://discovery.osu.edu/focus-areas/data-analytics/ which is assembling a critical mass of scholars who apply data analytics to scientific problems across all disciplines. For this reason candidates for this position should possess a high level of technical skill in demography.

Qualifications:
Applicants are expected to have a Ph.D. in Sociology or a related field, by the start of employment, and to present evidence of excellence in teaching and research. Appointment is contingent on the university’s verification of credentials and other information required by law and/or university policies, including but not limited to a criminal background check.

About Columbus:
The Ohio State University campus is located in Columbus, the capital city of Ohio. Columbus is the center of a rapidly growing and diverse metropolitan area with a population of over 1.5 million. The area offers a wide range of affordable housing, many cultural and recreational opportunities, excellent schools, and a strong economy based on government as well as service, transportation and technology industries (see http://liveworkplaycolumbus.com/). Columbus has consistently been rated as one of the Top U.S. cities for quality of life, and was selected as one of the Top 10 cities for African Americans to live, work, and play by Black Enterprise magazine. Additional information about the Columbus area is available at http://www.columbus.org.

Application Instructions:
Apply to Academic Jobs Online at: https://academicjobsonline.org/ajo/jobs/6149. Complete applications include a signed cover letter, curriculum vitae, selected written work, and three signed letters of recommendation (on official letterhead). Applications will be accepted until the position is filled, but those received by October 2, 2015 will receive priority consideration. Inquiries may be directed to population@sociology.osu.edu.

The Ohio State University is committed to establishing a culturally and intellectually diverse environment, encouraging all members of our learning community to reach their full potential. We are responsive to dual-career families and strongly promote work-life balance to support our community members through a suite of institutionalized policies. We are an NSF Advance Institution and a member of the Ohio/Western Pennsylvania/West Virginia Higher Education Recruitment Consortium (HERC).

The Ohio State University is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, or protected veteran status.
