The following lists semester courses. For quarter courses, use the approved quarter version; some quarter courses were not converted to semester courses. In addition, some quarter sequences were not converted to semester equivalents, especially in the foreign languages and the natural sciences. If you have completed some or all of a sequence of courses on the quarter calendar, consult your advisor to determine course selection on semesters.

Spring Semester 2013

The following degree requirements apply if you began your career as a regularly enrolled college student at Ohio State Autumn quarter 2008 or later.

Note: if one or more full terms (excluding summer) have elapsed between any two successive terms of enrollment at Ohio State, you must fulfill the requirements for the degree in effect at the time of reenrollment.

The following degree requirements are effective spring semester 2012. Check the web site ascadvising.osu.edu for updated information. Consult your advisor before making enrollment decisions.

Arts Majors

Note: Bachelor of Arts majors in Art, History of Art, Music, and Theatre must use the Arts and Sciences Bachelor of Arts and Bachelor of Arts in Journalism curriculum sheet, not this Professional Programs in the Arts sheet.

The information contained in the Professional Programs in the Arts curriculum sheet applies to students following one of the majors and degree programs listed below. Admission to these areas is selective. In addition, each Arts and Sciences division offers the interdisciplinary honors contract and the personalized study program majors.

Goal

Ohio State’s General Education Curriculum (GEC) is an integral part of an Arts and Sciences education. General education, as embodied in Arts and Sciences, provides the development of knowledge, perception, attitudes, and skills necessary to understand society’s traditions and past, its accomplishments and aspirations, its relation and responsibility to the natural world, its diversity and plurality, and its problems and needs. The goal is for you to attain a sense of self within society that invites a continuing desire and ability to learn and work with others for future realization of the human potential. Specific goals aimed toward the broader goal of the GEC are listed below under the four categories of the curriculum.

The College of Arts and Sciences

The College of Arts and Sciences consists of 39 departments and schools offering majors in the arts and humanities, natural and mathematical sciences, and social and behavioral sciences.

Your Responsibility as a Student

You are responsible for knowing the published policies governing the curriculum you are pursuing, as well as the regulations and procedures of the college and the university. The Professional Programs in the Arts curriculum sheet should be used in conjunction with the degree planning information and college policies, published online, at ascadvising.osu.edu.

Prerequisites

You are responsible for fulfilling all prerequisites to courses in which you enroll. Failure to satisfactorily complete prerequisites may delay graduation.

General College Requirements

- You must earn a minimum of 121 semester credit hours to earn an Arts and Sciences degree. In addition to the General Education Curriculum, you will complete general education, as embodied in Arts and Sciences, provides the development of knowledge, perception, attitudes, and skills necessary to understand society’s traditions and past, its accomplishments and aspirations, its relation and responsibility to the natural world, its diversity and plurality, and its problems and needs. The goal is for you to attain a sense of self within society that invites a continuing desire and ability to learn and work with others for future realization of the human potential. The College of Arts and Sciences

The College of Arts and Sciences consists of 39 departments and schools offering majors in the arts and humanities, natural and mathematical sciences, and social and behavioral sciences.
General Education Curriculum (GEC) Requirements

The curricular requirements are divided into four categories for the Professional Programs in the Arts degrees. In fulfilling the GEC, you may petition (in advance) in the Arts and Sciences Advising Office to substitute upper-division courses that meet the spirit of the GEC for courses on the GEC. If you have transferred to Ohio State from another institution, you can often fulfill part of the GEC with approximately equivalent courses already taken. Your transfer course work will be reviewed in Arts and Sciences Advising, and courses that meet the spirit of the GEC will be applied to the GEC.

You must earn at least a D in a course for it to fulfill a GEC requirement. Courses taken on a pass/non-pass basis cannot be used to fulfill GEC requirements.

Exclusivity of GEC, Major, and Minor Courses

With the exceptions noted below, courses may not be counted on both the GEC and the major. Courses taken to fulfill GEC requirements may count on the minor unless specifically disallowed by an individual minor program. Courses may not be counted on both the major and the minor.

Some GEC courses are listed in more than one category; with the exceptions noted below, however, GEC courses may not be used to fulfill more than one GEC requirement.

Courses Used to Fulfill More Than One Requirement

Courses used to fulfill the Diversity Experiences category may also count in another GEC category or on the major. The course used to fulfill the Data Analysis requirement may also count on the major if the course is at the 2000 level or above and approved by the major advisor.

Group Studies and Individual Studies

Group studies (XX94 courses) and individual studies (XX93 courses) are not acceptable for fulfilling GEC requirements except when a specific experimental course has been approved by the Arts and Sciences Committee on Curriculum and Instruction. If a course has been approved, it will be listed on this curriculum sheet.

Requirements for the Major

Your major program must consist of at least 30 hours of credit in courses numbered 2000 or above as prescribed by your major advisor. Please note that many major programs require considerably more than 30 hours of credit.

You must earn at least a C- in a course in order for it to be listed on your major. However, you must receive a 2.0 cumulative GPA for all major course work. Please note: the following majors/degree programs require more than a 2.0 cumulative GPA for all major course work: Art BFA (2.25), Art Education BAE (2.25), Dance BFA (2.25), Design BSD (2.25), and Music Education BME (3.0). If you earn a D+, D, or an E in a course that is required for your major, the course cannot be counted toward the major. Your major advisor will decide if the course should be repeated or if another course should be substituted. Courses taken on a pass/non-pass basis cannot be used on the major.

Your major advisor must approve all courses comprising your major. If you change from one major or curriculum to another, consult with an Arts and Sciences advisor. Such changes may result in modifying requirements to such an extent that your date of graduation might be delayed.

If you have transferred from another institution, no more than half of the credit hours on your major program may consist of transfer credit. Your major advisor, the chairperson of the department concerned, and the appropriate assistant dean must approve any request for a variation in this policy.

If you are pursuing multiple majors, course work may overlap between the majors, provided that each major department allows such overlap and that each major has at least 18 unique (non-overlapping) semester hours. Similarly, if you are planning multiple majors, there may be overlap between major course work and the GEC—again, with permission of the major department and at least 18 unique non-overlapping semester hours on the major.

Requirements for Additional Baccalaureate Degrees

If you are pursuing multiple degrees, at least 30 additional semester hours beyond the 121 hours required for a single degree must be earned for each additional degree, and at least 18 of the additional 30 hours must be ASC or ASC-approved upper-division course work. If four or more years have elapsed since you earned the previous degree, you must complete 30 semester hours at Ohio State beyond what you earned for that degree. The GEC requirements for each degree must be fulfilled. (For example, a student earning both BA and BS degrees is required to complete calculus and a fourth science course, which are not required for the BA, because such course work is required for the BS.) No overlap between majors, or between the major and the GEC, is permitted. You must pursue a major different from the major earned as part of your other degree(s). No more than 6 semester credit hours of any previous minor course work may be used on the major for an additional degree. You must also petition for approval to pursue an additional degree at least a semester before your graduating term. You should consult your ASC advisor regarding the petition process. An approved major program form must accompany the petition. Note: different rules apply to students pursuing multiple professional degrees in the Arts, namely the BFA, BAE, BM, BME, and BSD. See materials specific to those programs for details.

**C. Foreign Language**

The goal of courses in this category is to develop your skills in communication across ethnic, cultural, ideological, and national boundaries, and help you develop an understanding of other cultures and patterns of thought.

1. **Music History**
   - Course work or proficiency through 1103 (if proficiency in French or German cannot be demonstrated, one of these should be taken)

   **Voice**

   Course work or proficiency through 1102 in French, German, or Italian (the language must be different from the one studied in high school)

   All Other Majors/Specializations
   - No foreign language course work is required.
A. Natural Science

The goal of courses in this category is to foster an understanding of the principles, theories, and methods of modern science; the relationship between science and technology; and the effects of science and technology on the environment.

Dance
Select one biological science course and one physical science course. At least one of the courses must have a laboratory component. Biology 1101 and Human Nutrition 2210 are recommended as the biological science course sequences.

All Music and Music Education Majors
Select one biological science course and one physical science course. At least one of the courses must have a laboratory component.

All Other Majors/Specializations
Select one two-course sequence in either the biological or the physical sciences, and one course. At least one of the courses must have a laboratory component in the biological sciences and one in the physical sciences. At least one of the three courses chosen must have a laboratory component.

B. Social Science

The goal of courses in this category is to help you understand human behavior and cognition, and the structures of human societies, cultures, and institutions.

Art Education and Music Education
Take Psychology 1100* and one other course, which must be from group 2 or 3.

Dance and Music majors (other than Music Education)
Select two courses. Each course must be from a different group.

All Other Majors/Specializations
Select three courses from the following lists, with at least one course from two of the three sections.

(1) Individuals and Groups

African-American and African Studies 1101, 2218

D. Additional Breadth

In addition to the individual GEC approved Breadth requirements above, Dance, Jazz Studies, Music Education, Music History, and Music Performance majors must select one course from any of the Breadth areas, including those from the Cultures and Ideas category, to complete the breadth requirement. Composition (Music) majors and Music Theory majors must select two courses from any of the Breadth areas, including Cultures and Ideas. The additional breadth course(s) may not be selected from the area of the major.

3. Historical Study

The goal of courses in this category is to develop your knowledge of how past events influence today’s society and help you understand how humans view themselves.

Art
Select one course from History of Art 2001*, 2002*, 2003*, or 2101* and one History of Art course at the 3000 level or above.

Art Education
Select one western course from History of Art 2001* or 2002* and one western course from History of Art 2003*.

Dance
Select one course from History of Art 2001* or 2002* and one western course or History of Art 2003*.

Film Studies 2270, 2271

Industrial, Interior, and Visual Communication Design
