The film studies minor is an interdisciplinary field of inquiry devoted to the analysis of cinema both as a unique art form in its own right, and as a medium influenced and shaped by related fields such as literature and the visual arts. Film studies is a discipline distinct from film making, which focuses on skills of film production rather than film analysis. Students enrolled in the film studies minor will gain an understanding of the evolution of cinema as an art form, the relations between cinema and other arts, and the international dimensions of the medium. The minor is offered by the Program of Film Studies in cooperation with the following departments: East Asian, English, French & Italian, Germanic L&L, History of Art, Slavic, Spanish & Portuguese, and Women's Studies. Departments wishing to propose courses for the minor should contact the Program of Film Studies.

The minor in film studies requires the completion of one of the introductory courses listed below, plus 12 credit hours of course work chosen from the second list below. The introductory course must be completed before the declaration of the minor. While the minor may include courses from the introductory list, not the one used as the introductory course, at least 6 of the 12 credit hours must be at the 3000 level or above.

After completion of the introductory course, the student must meet with the Film Studies Program Advisor to plan the minor course work. After the course work has been approved, the student may declare the minor in the college/school office. Once the Minor Program has been completed the student must file a program form to be approved by:

• The academic unit offering the minor, or
• A college/school counselor.
