Please note that the University does not offer an undergraduate major in statistics.

A demonstrated knowledge and working understanding of basic statistical techniques and methods is a critical element in today’s competitive marketplace. The undergraduate minor in statistics is designed as a valuable asset to enhance most any undergraduate major. Students with a statistics minor may also be eligible to obtain a Master of Applied Statistics (M.A.S.) with one additional academic year of coursework.

The statistics minor consists of 21-25 credit hours as listed below. After the faculty advisor in the Department of Statistics has approved your Minor Program Form, you must file the form with your college or school counselor. For further information, contact the department.
