

Robert H. Edgerley Environmental Toxicology Fund

Description

Natural and Mathematical Sciences invites proposals for the Robert H. Edgerley Environmental Toxicology Fellowships to support graduate students conducting thesis or dissertation research in environmental toxicology. Applicants must be enrolled full-time, and in good academic standing, in a graduate program with a major advisor with a salaried appointment in Natural and Mathematical Sciences. An applicant's total graduate credit hours must not exceed the equivalent of 260 hours by the end of the fellowship period.

Awards

Three types of awards may be made:

The Edgerley Fellowship for an outstanding graduate student. Funding may include a stipend, tuition, and/or research expenses for up to four semesters. Up to one fellowship will be awarded.

The Edgerley Summer Fellowship(s) may include funding for a stipend, tuition, and/or support for research expenses. If seasonal research demands it, students may apply for these fellowships in a semester other than summer. Up to two will be awarded.

The Edgerley Travel Award(s) provide funding for travel to research sites, conferences, advanced training, and other purposes. Preference will be given to individuals requesting support for international travel. Up to two will be awarded.

Call for Applications

The Edgerley Fellowship requires a research proposal of no more than five pages. The proposal must clearly identify how the research fits within the rubric of environmental toxicology. The body of the proposal should include an introduction, preliminary results, a research proposal, experimental plan, methods of analysis, and implications for future work. A detailed, fully-justified budget request must be included with the proposal.

Reference, tables and figures can be included as appendices.

The Edgerley Summer Fellowship requires a one-page proposal with budget and justification which should detail the proposed summer research experience.

The Edgerley Travel Award requires a description of the travel, relationship of the proposed travel to the student's research, and a budget.

In addition, all applicants must provide:

- A completed cover sheet (attached)
- An OSU transcript
- A curriculum vitae

Two letters of recommendation are also required. One letter must be from the applicant's major advisor, with a clear description of the applicant's progress towards degree completion. The second letter should be from an OSU faculty member who is familiar with the student and can provide an independent evaluation of the student's accomplishments and potential.

**Deadline for 2020-2021 Academic Year is Monday, March 23, 2020.
