Naval Science Minor

Department of Naval Science, 109C Converse Hall, 2121 Tuttle Park Place., Columbus, OH 43210-1169; 614-292-6015; <http://www.nrotc.osu.edu/>

Naval Science is an interdisciplinary field developed to provide students with an opportunity to establish a working knowledge of the Navy and Marine Corps as military forces while understanding the elements of leadership and management required by the officers in the sea-going services. The program will not only focus on the implementation of Navy and Marine Corps forces during times of peace and conflict, but will draw on the traits, characteristics, and philosophies that make successful military leaders. Although much of the program will be geared toward prospective Navy and Marine Corps Officers at ROTC, it will be open to all students that desire to enhance their knowledge of Naval Science.

The Naval Science Minor requires a minimum of 12 credit hours in core courses and a minimum of 6 additional credit hours in related courses drawn from Naval Science departments for a total of at least 18 credit hours.

Once the Naval Science department program coordinator (or the coordinator's designee) has approved the Minor Program Form, you should file the form with your college or school counselor. For further information about the minor program, contact the Department of Naval Science.
